

# ADK4210 VersatileWire™ Copper Wiring Adaptor

## Long Distance Copper Wiring Essential Accessory

### FEATURES & BENEFITS

- Extend the Electric Connect® networking agility by connecting copper pairs cable
- Designed for UltraSpeed™ series applications
- F, BNC or Two-Prong connector interface for simple connections

### OVERVIEW

The Aboundi ADK4210 VersatileWire™ Copper Wiring Adaptor enables inter-connectivity between Electric Connect® series products utilizing the copper pairs cable or any other legacy communication copper cable for high speed Ethernet connections. It is designed to interface with UltraSpeed™ APL4200, APL2400 or APL3400 NetBridge™ series devices.

This 'Virtual CAT5™' capability allows users the vast opportunities of solving many physical networking infrastructure connectivity deployment related problems cost effectively over many different markets in applications.

### SPECIFICATIONS\*

#### ADK4210-001:

- Connectors: 2-Prong Female and Terminal Strip

#### • ADK4210-002:

- Connectors: BNC Male and Terminal Strip

#### • ADK4210-003:

- Connectors: F Male and Terminal Strip

### ENVIRONMENTAL

- Temperature
  - Operating : -20 ~ +70°C / -20 ~ +158°F
  - Storage : -40 ~ +80°C / -40 ~ +176°F
- Humidity
  - Operating : 10 ~ 90% RH (non-condensing)
  - Storage : 0 ~ 95% RH (non-condensing)

### ORDERING INFORMATION

- ADK4210-001 Adaptor with 2-Prong Type Connector
- ADK4210-002 Adaptor with BNC Type Connector
- ADK4210-003 Adaptor with F Type Connector
